

# Content isn't solvable & Relationships are mendable...

*\*\*\*Systemic family therapist work with the client through the caregiver!*

Why are we here?

What is the referral behavior?

Yes, and... what we haven't discovered yet is what was happening in the family relationships that your child believed you would be better off with them dead?

How do people in this family respond/relate...

when suicide enters the room?

when big emotions enter the room?

when violence enters the room?
